

PRESS RELEASE

The Tehama County Flood Control and Water Conservation District (TCFC&WCD) is accepting nominations for three (3) seats on the ten member AB3030 Groundwater Technical Advisory Committee (TAC). The open positions are to represent the Agricultural sector, including agricultural-related water districts; and water users from the agricultural sector representing private pumper or diverter for a three year term on issues related to groundwater management in Tehama County

The Advisory Committee is designed to allow and encourage citizens to have a meaningful and active role in implementing the adopted AB3030 Groundwater Management Plan.

Applicants should be committed to meet quarterly, on Mondays from 2:00 p.m. to 4:00 p.m. and should have background, experience or general knowledge in the area of water, domestic water use or irrigation, especially relative to local groundwater issues. Members should be residents of Tehama County, and/or be employed in Tehama County.

Nomination forms are available from the Tehama County Flood Control and Water Conservation District website www.tehamacountypublicworks.ca.gov and office in Gerber, Corning City Hall and the Tehama County Board of Supervisors office in Red Bluff

To nominate someone, or oneself, submit a nomination form to the District Office at 9380 San Benito Avenue, Gerber. **The application period will be open from August 19, 2015 to October 2, 2015.**

For more information call Ryan Teubert, Flood Control and Water Resources Manager (530)385-1462.
